Lawn Care Technician – Irwin, PA Barefoot Lawn

About

Barefoot Lawn is a locally owned organic based fertilization company built by a former golf course superintendent. We apply the same agronomic standards used on top golf courses to residential lawns across Westmoreland County. Our approach is simple. Use better products, produce better results, and give both our clients and our team the time to actually enjoy their weekends.

We have grown from a small local business into one of the area's most respected turf care companies, built entirely on referrals, reputation, and results.

Position Summary

This position is perfect for someone with golf course or turf management experience who wants to keep working with top quality turf without the long hours or weekend grind. You will manage your own route, work independently, and handle professional granular fertilizer and weed control applications on residential lawns.

What You Will Do

- Apply granular fertilizer and weed control to residential lawns
- Perform aeration and overseeding services
- Operate professional grade spreader and sprayer equipment including Z Sprays, Turfco 3200s, and stand on aerators
- Maintain shop and equipment including cleaning and light mechanical work to keep everything running smoothly
- Communicate professionally with clients who value premium lawn care
- Maintain accurate service records and uphold Barefoot standards for quality and safety

Equipment and Technology

We invest heavily in modern equipment to make your work efficient and less physical. You will operate Z Sprays, Turfco 3200s, and stand on aerators and overseeders. We are also adding a Terraspray unit for 2026. Our routes are planned using GPS based routing software to maximize efficiency and reduce downtime.

If you are more comfortable with specific setups, we will make it work. We want you confident and comfortable out there.

This information is provided for the GPGCSA membership only and may not be re-printed, copied or placed with any employment service without the written permission of the GPGCSA Board of Directors

What You Get

- Salary range of 50,000 to 60,000 per year based on experience
- Forty hour work week. Most days are six to eight hours
- No weekends. While our clients enjoy their lawns, we want you to enjoy your own time too
- Paid holidays and paid rain days
- Health insurance
- Cell phone reimbursement
- Five hundred dollar sign on bonus after sixty days of reliable work
- Paid training and continuing education support including pesticide recertifications and association dues
- No over scheduling. We value quality over quantity

Who We Are Looking For

- Prior golf course maintenance experience, especially handling fertilizer and chemical applications
- PA pesticide license required
- Reliable, self motivated, and comfortable working independently
- Someone who takes pride in producing consistent high quality turf results
- Valid driver license with a clean record
- Enjoys working outdoors using professional high end equipment

Schedule and Start Date

- Monday through Friday only. No weekends
- Start date February 2026
- Location based in Irwin Pennsylvania serving Westmoreland and surrounding areas

How to Apply

We are hiring now for our February 2026 start.

Send a quick message or resume to nate@barefootlawn.com

Or call or text 724 382 8203 if you would like to chat about the job before applying. We believe communication is key to making sure this is the right fit for both you and us.
